REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance claim 1, is that the prior art of record does not teach the stencil which translates over the wiper while the inspecting probe inspects the electronic substrate when the electronic substrate is in the print position as argued by applicant (the Remarks, page 6, third paragraph).

The primary reason for allowance claims 11 and 15, is that the prior art of record does not teach the steps of translating the stencil from a position over the surface of the substrate over a wiper and inspecting the substrate using a video probe inspection system when the substrate is in a print position as argued by applicant (the Remarks, page 7, third paragraph).

The limitations in the claims are not rendered obvious by any proper combination of the prior art known to the Examiner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anthony Nguyen whose telephone number is (571) 272-2169. The examiner can normally be reached daily from 9 AM to 5PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew Hirshfeld, can be reached on (571) 272-2168.
